There were no unusual expenditures in February; our 3rd grade teacher has resigned after making the decision to stay home with their new baby instead of returning for the remainder of the year. The staffing assignments implemented in the fall will continue, with the part-time addition of Karen Bailey-Bowman to provide additional support for the 3rd grade classroom.

--2015-2016 Budget: next year's proposed budget must be submitted to PED no later than May 18th. We are required to have at least 3 public opportunities for information, questions and input concerning our proposed budget; these times will be:

- April 8th or 15th GC meeting
- May 11th Budget Committee Meeting
- May 13th GC Meeting

I have begun work on preliminary budget preparation, mainly a critical analysis of the 6-30-15 cash balance. It is expected to be a minimum of \$120,000 (\$20,000 ahead of where we were at this time last year). Next year's SEG allocation should be available in late March – early April, following the conclusion of the current legislative session.

Because the facilities replacement has been delayed another year, a portion of the funds held in at First State Bank may be reinvested in a shorter term CD, if good rates can be found at any of the local banking institutions.

We are currently trying to get a quote to purchase four additional table-bench units for the cafeteria to ease inside lunch seating problems; estimated cost will be approx \$2,300. Final decision will be made when quote is received.

There will be 2 BAR's for GC approval tomorrow night:

- \$ 644 Fund 11000: additional SEG allocation for 2014-2015 due to small unit value increase
- \$ 956 Fund 23000: 8th grade trip & year book orders

Please let me know if there are any questions.
